POOL CHECK ®i

POOLSIDE & IN-STORE TESTING

1. Digital results eliminate the need for color matching
2. Handheld and portable / ideal solution for pool service techs
3. Test 3 or 6 important pool parameters with one strip
4. Improved accuracy when compared to other scanners
5. Stores 999 tests with time and date markers
6. Calibration strip verifies scanner accuracy
7. Rechargeable unit with 110 V or 220 V adapter

Introducing the new PoolCheck®i. A faster and more convenient way to test water poolside or in the pool store. PoolCheck®i features powerful scanning of either Pool Check Pro 3 or Pool Check Pro 6 test strips. PoolCheck®i uses the same test strip scanner technology universally used by doctors for fast diagnostic urine analysis known as POCT (Point Of Care Testing).
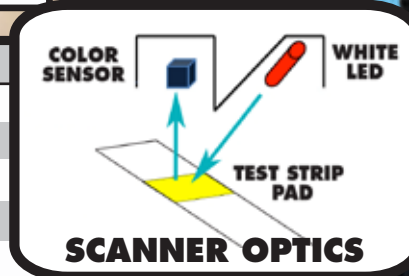

PRODUCT	PART NUMBER
PoolCheck®i Scanner	#481700
Pool Check Pro 3, B100	#481703
Pool Check Pro 6, B100	#481706

(Actual size)

TEST	RANGE (PPM)	RESOLUTION (PPM)

Connection for Battery Charger

Auto Feed Strip Track
(Motor Controlled)

Start
(Starts timer and scan process)

The Quick PoolCheck®i procedure:

1. Turn the meter on and press Start which begins the 35 second timer. Dip the test strip for 5 seconds without motion into pool water sample. (Sample should be collected from a depth of 18 inches.)

2. Remove test strip and dry excess water from test strip with paper towel. Position strip into Auto Feed Strip Track and PoolCheck®i will automatically withdraw track and begin scan when timer reaches zero.

3. Read your results on the Display Screen.
